

# One Kendall Square

## Alexandria LaunchLabs Cambridge

Bluewater Studio collaborated with Perkins&Will Branded Environments and Alexandria Real Estate Equities, Inc. to activate this innovative, branded space. The design incorporates a variety of high-end finishes, complex graphic applications and changeable LED lighting integrated into a dimensional, faceted feature wall.

*"Please extend a sincere THANK YOU to everyone on the Bluewater Studio Team for making this project a HUGE success! We know it was not easy and appreciate your tenacity in getting this one wrapped up successfully!"*
